- g) Councilor Interviews for Ward I and Ward II Vacancies

Tyler Horton Ward I

Tyler Horton reported that he resides on Glacier Ave. and has always lived in Brush. Mr. Horton is the Senior Operator for the Water Plant in the City of Fort Morgan and wants to give back to his community by serving on Council. Mr. Horton described himself as a thorough thinker who will ask questions until he has all the details before making a decision and he wants to be a part of guiding Brush down the right path. Mr. Horton gave his work schedule and reported that he will have time to devote to the role. When asked what he has heard from the public as concerns, Mr. Horton reported that he'd heard comment about some of the roads and issues with water line breaks. When asked what he thinks the City does well, Mr. Horton expressed he thinks that the City keeps everything well balanced and transparent without pushing their own agendas and works to communicate to the public what's happening. When asked what he feels could improve with the City, Mr. Horton expressed youth participation, specifically a push for more recreation involvement in the community but he also understands the challenges. When asked what he feels Council could do to encourage public participation in their process, Mr. Horton expressed that he recognizes the challenge and thinks that focusing on more web and media-based approaches would help reach and encourage the public.

Jacob McFadden Ward I

Jacob McFadden reported that he has lived in Brush for two years and in Morgan County for about twenty years. Mr. McFadden reported that he's served in the position of state Chair of the

Colorado Federation of Young Republicans and Vice Chair of the Morgan County GOP, both of which he thinks are similar to running a business and he feels is similar to serving on local government. Mr. McFadden expressed that he feels public service is important and that his experience in various roles of political experience has contributed to qualifications for Council. Mr. McFadden is a heavy equipment mechanic in Wiggins and is married with two boys. Mr. McFadden expressed that he can donate a great deal of time to the position if necessary. When asked what concerns he has heard from the public, Mr. McFadden expressed the question of raising rates with plans for an R.O. facility. When asked what he feels the City does well, Mr. McFadden expressed that the City does a phenomenal job, especially the police and fire departments and reported that all of his staff interactions have been really great. When asked in what areas he thinks the City can improve, Mr. McFadden expressed that he thinks the City has an opportunity for property cleanups. When asked what he thinks Council could do to encourage public participation in their process, Mr. McFadden expressed that more social media would help improve engagement. Mr. McFadden added that he's a deacon at his church and strives to make his community better whether that's at the local or state level.

Scott Klinkhammer – Ward II

Scott Klinkhammer reported that he served on City Council once before for about two years and has been gone from Council for almost two years, lives on Lincoln Street, used to own a restaurant on the hill, but now he works for Thompson Primary Pre-School Day Care. Mr. Klinkhammer reported that he wasn't elected when he ran for County Commissioner and he missed serving on City Council so reached out to other Councilors before sending in his letter. Mr. Klinkhammer expressed his prior experience on Council will benefit him in serving in the same capacity again. Mr. Klinkhammer voiced that he has the time to devote to the role and has already experienced many nights of going through packets and agendas. When asked what concerns he has heard from the public, Mr. Klinkhammer reported that he hears that there's not enough to do in the community, including seniors. When asked what he feels the city does well, Mr. Klinkhammer expressed that he has nothing but good things to say about what the city does and he feels the city is trying to meet all the demands of the residents, uses balance to approach growth, and has a staff that is on top of things and always looking for new opportunities. When asked what he feels needs improving, Mr. Klinkhammer listed housing, getting more activities for seniors, and bringing businesses like miniature golf or trampolines that our residents otherwise have to travel to larger cities to do. When asked what he feels Council can do to encourage more public participation in the process, Mr. Klinkhammer expressed that Council should get out there more and do things with the community, maybe have a float in the parade so the community knows who its Council members are, and find a way to get people to Council meetings.

Discussion

Councilor Lundstrom voiced that there were a lot of good answers and he doesn't enjoy this process.

Mayor Sherman reported that an appointment would be made at the next meeting and that Council would take that time to think about the Ward I candidates.

Dan Krob recommended that Council consider a motion for the single candidate for Ward II this meeting if Council felt the candidate is qualified and the Council desires to appoint him in order to avoid possible quorum issues.

Councilor Lundstrom offered motion to approve Scott Klinkhammer for the Ward II seat, seconded by Councilor Tyree, and approved by unanimous voice vote following no further discussion. Councilor Spradlin was no longer present in the meeting to vote. The connection via phone had disconnected.

City of Brush, City Council
P.O. Box 363
Brush, CO 80723

Dear City of Brush City Council,

I am interested in fulfilling the vacant chair for Ward 1. I have a goal to take on a bigger part in my community and help make the best decisions for the City of Brush!

I believe that I am the right person to fill this opening because I am a very factual person, I like to know all the details before making a decision, I am always willing to learn something new, and I believe I pick up on things relatively quickly.

I have worked in the utility field for nearly 13 years. I hold a Class A Water Operator and Certified Water Professional license with the State of Colorado and am currently the Senior Operator at The City of Fort Morgan Water Treatment Plant. I was also a part of the Morgan County Sheriff Office Posse when it was active. I am currently a committee member for the Rocky Mountain Elk Foundation, High Plains Chapter. The Rocky Mountain Elk Foundation is a non-profit charity. Their mission: Ensure the future of elk, other wildlife, their habitat and our hunting heritage.

This July will mark 5 years of living on Glacier Avenue with my wife and two children. My boys are both enrolled in the Brush School District and the Little Beats Childhood Daycare Program. Both my parents and my in-laws live within the city of Brush also. I remember spending a lot of my childhood in Brush due to my grandparents living here.

I am very grateful to have the opportunity to fill the open chair for Ward 1. I look forward to meeting with you and becoming part of this council for the City of Brush!

Sincerely,

Tyler Horton

To whom it may concern,

It has come to my attention that a vacancy has occurred for the Ward 1 city counselor's office, and I would like to submit my name for consideration. I am Jacob McFadden, 25 of Bob Blvd, and having resided in this ward for the past two years- I meet the eligibility requirements. My interest is primarily peaked by this opening due to the service based nature of the office, and my strong desire to give back to the community which I have come to cherish. The hospitality and efficiency of the local government is astounding, and I would be deeply humbled by the opportunity to be a part of the organization that keeps our hometown running like clockwork. My drive to serve this community comes from a certain loyalty to an area that has raised generations of my family, and will be home to my own growing family. Simply put, I would like to leave this place a little better than I found it, and this seems like a great way to do just that.

In terms of directly applicable experience, I have served in various positions that require the planning and execution of events, and allocation of resources to various places in order to accomplish a goal. While I haven't held elective office, I have served as the Chair of the Colorado Federation of Young Republicans from 2021-2022 which is a monumentally complex undertaking, requiring much of the same day to day activities as is involved in running a small government. Some of these regular tasks included; reading and editing contracts, board meetings, budgeting, delegation, and occasional heated debate. I've also served as the former vice-chair of the Morgan County GOP, which included much of the same responsibilities but on a slightly smaller scale. Since this is a semi-political office it is worth noting that I would consider myself to be very conservative.

On a more personal note, I work as an agricultural equipment mechanic, servicing primarily local dairies at Morline Equipment in Wiggins. I have been happily married since February of

2022 and we have two beautiful boys and a dog together. I serve as a deacon at my church and enjoy working on my 1955 dodge pickup in my free time.

I would hope to accomplish something meaningful during this term, whether it be by cutting some fat out of the budget, promoting infrastructure work within the city, or simply making this place a little better for its residents. I'm positive that there is work to be done and I'm the man to do it. I'm eager at the thought of this opportunity and wish the other candidates the best of luck in their endeavors.

Sincerely yours,,

Jacob McFadden
