## President's Proclamation

Public Law 87 - 54

87th Congress, S. J. Res. 65

June 21, 1961

### JOINT RESOLUTION

Designating the week of May 13 - 19, 1962, as Police Week and designating May 14, 1962, as Peace Officers Memorial Day.

*Resolved by the Senate and House of Representatives of the United States of America in Congress assembled,* That the week of May 13-19, 1962, is hereby designated as Police Week, in recognition of the contribution the police officers of America have made to our civilization through their dedicated and selfless efforts in enforcing the laws of our cities, counties, and States and of the United States regardless of the peril or hazard to themselves, and May 14th is hereby designated as Peace Officers Memorial Day in honor of the Federal, State, and municipal peace officers who have been killed or disabled in line of duty. Through their enforcement of our laws our country has internal freedom from fear of the violence and civil disorder that is presently affecting other nations.

To this end the President is authorized and requested to issue a proclamation inviting the people of the United States to observe such period, with appropriate ceremonies and activities, as a tribute to the men and women who, night and day, stand guard in our midst to protect us through enforcement of our laws, and to honor those who have lost their lives in service to the community.

Approved June 21, 1961.

## Message from the Chief

To the Members of the Cudahy Police Department:

This letter is dedicated to you men of the police department, who, through your devotion to duty, and diligence in your work, very often under adverse conditions and in face of criticism, have made and will continue to make Cudahy a better place in which to live.

I appeal to you men, and to the good citizens of Cudahy, during this period of National Police week, to make you aware of your duty to your community and country, and to work together to make local law enforcement the respected profession to which it is entitled.

Respectfully,

ANTHONY M. WISE,

*Chief of Police*

## The City of Cudahy Official Proclamation

WHEREAS, In the City of Cudahy, the Safety and Protection of our Citizens and their property is a responsibility of the Law Enforcement Officers who may be serving their City, and

WHEREAS, Their constant vigilance, their bravery, and their personal sacrifice in maintaining the peace and offering protection merits public support, acknowledgement and appreciation of their contribution to community well-being, and

WHEREAS, Their devotion to duty, their courage, and their determination in helping preserve the rights of people in accordance with established laws are among factors of significance in the principles and processes we uphold in our society, and

WHEREAS, The President of the United States, John F. Kennedy, will proclaim the week of May 13th through 19th to pay tribute to the Men and Women in our Police Service and to the memory of the Law Enforcement Officers who have made the supreme sacrifice, their very lives,

NOW, THEREFORE, I, VINCENT TOTKA, Mayor of the City of Cudahy do hereby proclaim the week of May 13th through 19th, 1962 as

### POLICE WEEK

In the City of Cudahy, and urge our Citizens to participate in this observance of gratitude to the Men and Women engaged in Police Work upon whom we depend daily for safety and protection.

In testimony whereof I have hereunto set my hand and caused the seal of the City of Cudahy to be affixed. Done at the Cudahy Municipal Building, Cudahy, Wisconsin, this 16th day of April, 1962.

VINCENT TOTKA, *Mayor*

# History of the Police Department

By Floyd J. Gonyea

*Floyd J. Gonyea, author of the accompanying article, has been Municipal Judge in Cudahy for 32 years. A Sentinel Police Reporter for more than 25 years and a prominent figure in civic affairs of Cudahy, the "Judge" is eminently qualified to describe the history and activities of the Cudahy Police Dept.*

The year 1962 marks the 56th anniversary of the establishment of the Cudahy Police Department.

In that span of time, many marked changes have been registered in the development of the department. Brawn and bulk have given way to a highly technical and scientifically trained personnel. The department has kept pace in that period with advances in police techniques.

Unique as it may seem, only four police chiefs headed the department during these many years. They were Henry O. Krueger, 1906 to 1914; Paul Littman, 1914 to 1918; John C. Medrow, 1918 to 1951, and the present chief, Anthony M. Wise. Chiefs Krueger, Littman and Medrow are deceased.

Records show that the first police officer was John Luethke. The first fire and police commission consisted of Dr. Bernard Krueger as chairman; Otto Frank, a druggist, and Thomas Kowalewski, a tavern operator. All members of the first commission have passed away.

HENRY O. KRUEGER

Files also show that among the earlier patrolmen were included the names of Jacob Malicki, Julius Bartz, Rudy Reichert, Mike Kosceza, Frank Raasch, Joseph and Frank Sobocinski, Louis Geiger and Theodore Wolbert. They labored during the years 1909 and 1910. In 1914 the roster showed the names of Patrolmen Roman Popowski, Nicholas Walsh, Frank Geiger, and Medrow, a former Milwaukee County deputy sheriff.

In 1916 the first motorcycle was purchased for \$295. Medrow was the city's first motorcycle officer. Salaries of patrolmen were \$85 a month and they had just one day off in that period. In 1918, Sergeant Walter Kerlin and Roman Popowski were named officers.

---

A new police and fire commission was organized May 3, 1920. New police officers certified by the commission were Peter Bártol, Joseph Sklencar, John Sobocinski and Joseph Spies. Six years later, the force was augmented by the addition of Max Guse, John Jurci, and Edward Buchholtz. The installation of a police alarm system was approved by the common council on March 15, 1927, at a cost of \$13,850.

PAUL LITTMAN

Added to the police roster in November, 1929, were Robert Engbring and Walter Sobocinski. An 8-hour day was approved for the department by the commission, and on May 16, 1938, Chief Wise and Captain Fred Schlueter joined the force. The year 1943 saw the introduction of two way radio, and on Jan. 17, 1950, the council authorized the acquisition of its first new ambulance at a cost of \$7,650 to replace a secondhand vehicle that had been purchased earlier for \$100.

Following the appointment of Chief Wise on Aug. 12, 1951, the department was reorganized. Walter Sobocinski became the first detective. Schlueter was advanced to sergeant to succeed John Sobocinski, who had resigned, and Engbring was similarly promoted to succeed Buchholtz, who also had resigned. In 1953, Detective Sobocinski and Sgt. Jurci retired, and Schlueter was elevated to lieutenant. In May, 1953, Patrick Lathrop was advanced to sergeant and Theodore Kramer to detective. Sgt. Joseph Maciejewski assumed charge of the department's records, and on Sept. 16, 1954, Daniel Kolosovsky was made sergeant.

Recent promotions were: Lt. Schlueter to Captain on Jan. 10, 1958; Detective Kramer to Lieutenant on Jan. 10, 1958; Lathrop to Detective on Nov. 15, 1958, and Maciejewski to Sergeant on Jan. 10, 1959.

Chief Wise's efforts to professionalize his department to keep pace with the modern tempo of police work has resulted in many significant improvements. Chief Wise has been instrumental in establishing a training program for his men; has provided an alcometer to test drunken drivers; has established emergency telephone call boxes in various parts of the city; has installed teletype communications equipment; has sent some of his men to police seminars to improve their police skills and has installed photographic and finger printing equipment. All these improvements were made possible through the cooperation of the various common councils and commissions.

JOHN MEDROW

Maintenance of law and order today in Cudahy is far remote from the brawn and bulk of an earlier day. Modern techniques so well employed by our competent police officers assures our citizens of safety and comfort while the city is at work and at sleep.

## Message from the Association

A law enforcement officer is professionally crippled if the strengths and needs of the department cannot be effectively communicated to the community he serves. Unfortunately, most citizen contacts with the police are contemporaneous with tragedy, execution of an arrest, or some other period of emotional stress.

Therefore, we are indeed grateful to the president and the heads of the various governmental units who have proclaimed the week of May 13 through 19 as National Police Week. We are equally grateful to the citizens who have recognized our determination of purpose and have cooperated in a mutual obligation to improve society and protect the dignity and security of the community.

To all those who have contributed their time, effort, and financial assistance to our educational and safety campaigns, our youth projects and cadet programs — to all those responsible citizens who have shown their confidence in this agency by volunteering information and aiding our investigations, we extend our heartfelt thanks and the gratitude of the community we serve.

## Greetings from F.J. Gonyea, Municipal Judge

In my 32 years on the bench in Cudahy, I have learned that I can always expect the best from our police department. For honesty, courtesy, and efficiency, it is second to none. My job of deciding the guilt or innocence of defendants is made easier because I can rely on the testimony of police officers.

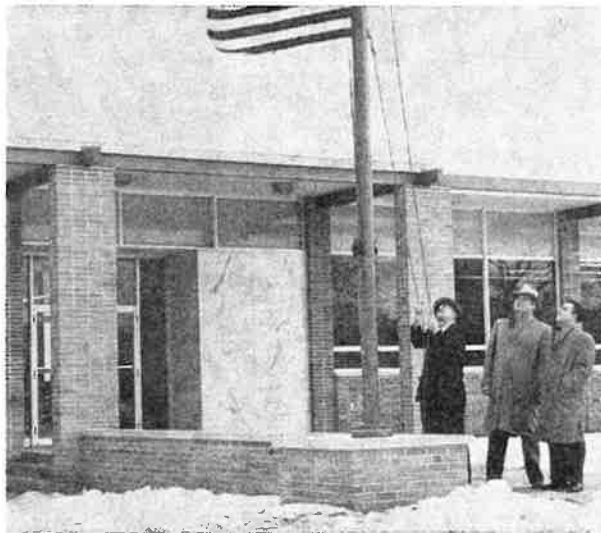

The efforts of our police department are not directed merely towards arresting law violators and bringing them to justice, however. Many times, officers on our force have managed to prevent the commissions of crimes through vigilance and knowledge of the community and its citizens. Countless potential juvenile delinquents have grown to become useful citizens with unblemished records because alert officers have channeled the exuberance of youth towards constructive rather than destructive paths.

Cudahy police officers are frequently called upon for many diverse functions. It has been my observation that they have excelled on many occasions in heroic rescues. Their timely intervention and assistance have saved many lives. Their surveillance of the roadways has prevented many tragedies and has resulted, in consequence, into a safer community.

Through my experience as a citizen, father, judge and newspaper reporter, I have come to believe that a community is no better or no worse than the people who make it up. And to a large extent, a community and its citizens can develop to their fullest measure only in an environment where stability, peace and high moral standards are maintained.

This, I believe, is the kind of community our police force is trying to maintain. I am happy to salute the Cudahy Police Department.

FLOYD J. GONYEA,  
*Municipal Justice of the Peace*

December 11, 1956—Mayor Vincent Totka, Chief of Police Anthony Wise and City Engineer James Tiry raising first flag at new Municipal Building which houses present police headquarters.

Old City Jail and Police Station at rear of Fire House and City Hall.
