

# 3rd Coast Clinic

A program of the Cudahy Health Department

Cudahy Health Department operates the 3rd Coast Clinic, a program that targets **increased access to reproductive health services, education, counseling, and reduction in sexually transmitted infections (STI)**. 3rd Coast Clinic welcomes individuals of all ages, races, religions, genders and sexual orientations and offer a holistic range of healthcare and education services.

### Client Feedback:

*"It really is a wonderful thing you guys are doing for the community. I've been coming to 3rd Coast for about two and half years and it's made my life exponentially easier. Y'all are awesome ❤️"*

### Community-Based Pop-Up Clinics:

Beginning in 2023, 3rd Coast Clinic started offering **pop-up clinics to expand access to reproductive health services**, including STI Testing & Treatment, PrEP, and vaccines for Mpox & COVID-19.

**The Pop-Up Locations Included:**

**Milwaukee LGBT Community Center**

**Oak Creek Health Department**

**Secretary Becerra & Admiral Levine Visit**

The visit highlighted the work we do to promote health education & provide reproductive health care.

**Sexually Transmitted Infections (STI)** continue to be the **most frequently reported communicable diseases** in Cudahy\*.

\*COVID-19 not included in numbers.

STI Other communicable diseases (vaccine-preventable, enteric, other)
