**Back Flow Checklist**

**Florida Building Code 8th Edition (2023)**

<input type="checkbox"/> <b>Building Permit Application</b>	Complete all information on the Building Permit Application in the spaces provided. If information requested does not apply to the construction being performed, insert "N/A" for "not applicable". Please include pipe size if through concrete, and protection.	<a href="#">Application</a>
<input type="checkbox"/> <b>Fire Department Approval (for commercial projects)</b>	For structures with Fire Backflow Preventers – please submit written fire department approval with the permit application. Approval may be obtained by contacting West Manatee Fire District.	<a href="#">West Manatee Fire District</a>
<input type="checkbox"/> <b>Site Plan/Survey</b>	All required pages must be signed and sealed by a registered design professional where required by Chapter 471, Florida Statutes or Chapter 481, Florida Statutes. Plans must be at 1/4" Scale. Surveys must show placement of the meter. Please show clearance from any landscaping.	
<input type="checkbox"/> <b>Statement</b>	If the backflow preventer was tested at time of installation, please provide a test statement showing the backflow is compliant with <b>Chapter 6, Section 608 of the Florida Building Code, 2023 8<sup>th</sup> Edition</b> .
